Discover Belle Isle
Thursday, June 17th, 2027

Discover Belle Isle:
Join us as we head down to discover the treasure of Belle Isle. Our first stop takes us to the Dossin Great Lakes Museum for a one hour guided tour and an additional hour touring the museum at your own pace. This 16,000-square-foot facility is dedicated to 300 years of regional maritime history, featuring exhibits on Great Lakes shipping, the SS Edmund Fitzgerald anchor, and the SS William Clay Ford pilot house. Now it's off to Sindbad's Restaurant for lunch.

After we enjoy lunch, it's back to Belle Isle. This time, we'll have free time to tour both the Aquarium and Conservatory. Opened in 1904, the Belle Isle Aquarium is the oldest in North America, renowned for its historic Albert Kahn-designed building featuring green-tiled arched ceilings. Located in Belle Isle State Park, it houses a variety of freshwater and saltwater fish, including a unique collection of all seven species of North American gar. The Anna Scripps Whitcomb Conservatory on Belle Isle in Detroit is the oldest continually operating conservatory in the United States, opened in 1904. Designed by Albert Kahn, this 13-acre botanical complex features five distinct climate-controlled houses (Palm, Cactus, Fern, Tropical, Show)

$109.00 Per Person
